

Paramount Unified School District Student Nutrition Services Department

Food Preference Form

Paramount Unified School District – Student Nutrition Services is not required but will attempt to provide food substitutions to a child with a special dietary preference that is not considered a disability. An individual who does not have a disability but is unable to consume a particular food because of a non-disability reason, such as religious or moral reasons, is considered to have a food preference. All meals served to students with a food preference **must** meet USDA meal pattern requirements in order to qualify for reimbursement.
